

PETITION  
TO  
GOVERNOR OF CALIFORNIA  
ARNOLD SCHWARZENEGGER  
FOR RETENTION OF KILARC

WHEREAS, Kilarc Power Station and Reservoir in  
Whitmore, Shasta County, provides clean  
Pollution free energy to the power grid and

WHEREAS, The Reservoir provides recreational  
facilities for all ages and

WHEREAS, The complex has not effected fish spawning  
For 102 years and

WHEREAS, The facility is part of the history of Shasta  
County and its mining heritage and

WHEREAS, The loss of the Reservoir will impact wild  
life and

WHEREAS, Use includes training and water for the  
California Department of Forestry wild fire  
control and

WHEREAS, Cost and maintenance is provided by  
PG&E and customer power usage and

WHEREAS, Disabled will be denied a valuable outdoor  
recreational facility and

recreational facility and

WHEREAS, Alternative stream fishing in mountainous areas is unsafe for most Kilarc users and

WHEREAS, The loss of energy production will impact available energy to combat shortages and

WHEREAS, The existing environment established for for over 100 years would be adversely affected and

WHEREAS, The facility has operated profitably and continually since its inception, therefore

BE IT RESOLVED, that the Governor use his power to preserve this Historic, renewable, pollution free source of power, the the recreational integrity, use for wild fire protection, and overall availability to the citizens of California.

recreational facility and

WHEREAS, Alternative stream fishing in mountainous areas is unsafe for most Kilarc users and

WHEREAS, The loss of energy production will impact available energy to combat shortages and

WHEREAS, The existing environment established for for over 100 years would be adversely affected and

WHEREAS, The facility has operated profitably and continually since its inception, therefore

BE IT RESOLVED, that the Governor use his power to preserve this Historic, renewable, pollution free source of power, the the recreational integrity, use for wild fire protection, and overall availability to the citizens of California.
